Fantastic news! Will certainly ease the process. We will convey to Pete the change in logistics and will assume you'll be sending out details of engagement. Thanks!

Great, thanks. Pete is a good choice. One element of the plan has been overtaken by technology - your Policy and Directives Management folks, through Marcia Cash, have now offered to scan all written comments and enter them into the DiscoverText system before review by the team, so all review can be done on the individuals' computers, no need to come to DOI, and reviewers can be anywhere in the US, not just in the DC metro area. Access will be via a log-in name and password. Hopefully this will make things simpler. I am about to send a note to the full team on that.

Morning Randy,

For the purposes of staffing the team detailed to review incoming comments on the EO/Monuments, we'd like to propose a lead FWS person who will be available to staff on a more or less full-time basis, with additional staff that would be on a rotational basis as needed.

Assistance for public comment processing:

Pete Leary -- Lead

Samantha Brooke
John Klavitter
Ross Alliston
Rob Campellone
Kate Harrigan

Let us know if this approach meets the need.

Thank you.
